Example questions you might ask us to learn more:

- Given my financial situation, should I choose an investment advisory service? Why or why not?"*
- How will you choose investments to recommend to me?*
- What is your relevant experience, including your licenses, education, and other qualifications?*
- What do these qualifications mean?*

<p><i>What fees will I pay?</i></p>	<ul style="list-style-type: none"> • <i>Institutional Advisory fees</i> vary depending on the relationship's size, scope, and complexity and are negotiated on a case-by-case basis. Institutional Advisory fees may be a flat fee, an asset-based fee, or an hourly fee rate subject to a minimum. • <i>OCIO fees</i> consist of an annual asset-based fee that ranges from 0.40% to 0.10% of the value of the investments and is subject to a minimum. • <i>Subadvisory/model fees</i> consist of an annual asset-based fee ranging from 0.65% to 0.25% on the assets subadvised or invested in the RiskBridge models. • <i>Private Wealth Management fees.</i> RiskBridge will receive compensation (the "Advisory Fee") from each client account, typically an asset-based fee. The maximum current applicable fee rate for RiskBridge's advisory services for a Separate Account of \$10 million or more is 0.65% annually. The maximum current applicable fee rate for RiskBridge's advisory services for a Separate Account of less than \$10 million is 2.00% annually. Clients who choose TAMP services pay TAMP Fees in addition to RiskBridge Advisory Fees. TAMP fees include Platform Fees and model/UMA Fees and are calculated as an annual percentage of assets under management. For relationships where RiskBridge is hired only for cash management or performance reporting services, the maximum current applicable fee rate is 0.10% annually. <p>For example, if you had a portfolio with a quarter-end balance of \$10,000,000 and agreed to a 0.65% annual advisory fee, you would pay a quarterly advisory fee of</p>

	<p>\$16,250 ($\\$10,000,000 \times (0.65\%/4)$). The more assets in your account, the more fees you will pay, and we may, therefore, have an incentive to encourage you to increase the assets in your account.</p> <ul style="list-style-type: none"> • You will also pay various other fees and expenses to others with respect to your account, including commissions and other transactional fees; charges imposed by custodians, brokers, and other third parties; and fees and expenses of mutual funds, exchange-traded funds, third-party investment advisers and private investment funds, as may apply to you. • You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand the fees and costs you are paying. <p>For additional information, please see Item 5 of our Form ADV Part 2A.</p>

Example questions: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

<p>What are your legal obligations to me when acting as my investment adviser? How else does your firm make money, and what conflicts of interest do you have?</p>	<ul style="list-style-type: none"> • When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. • If a prospective relationship is not a good fit, we may refer clients to one or more advisers, and we may receive compensation from such advisers. This arrangement may create an incentive for us to refer clients to such advisers. However, we do not receive any compensation from advisers added to our approved manager list that may be selected by us on behalf of our investment advisory clients. <p>For additional information, please see Item 10 of our Form ADV Part 2A.</p>

Example questions: How might your conflicts of interest affect me, and how will you address them?

<p>How do your financial professionals make money?</p>	<ul style="list-style-type: none"> • The firm's owners make money based on the firm's profitability. Our client advisors are generally compensated based on a percentage of revenue. Our other financial professionals are paid a base salary and cash bonus. No one in the firm is ever compensated based on the types of vehicles or investments in which clients invest.
